Hon. Leo A. Hoegh

Dear Leo:

DOI file 31

I sincerely appreciated your letter of January 18 about my staying on in the C. I. A. As you know, I consider this a type of career position which ought not to be subject to change with political changes, and I felt it was important to get this precedent more or less established.

It has been a great pleasure and privilege to have served with you and worked with you over the past years and I hope that our paths will cross often in the future.

With all best wishes, I remain

Faithfully yours,
